central hatch - central hatch + front hatch,
Black Edition,
Fuschia Edition.

(*) the Hobie Odyssey is autocertified DIV. 240 with which you are allowed to paddle up to a limit of 2 miles from the shore. To navigate under such conditions, your sit-on-top kayak has to be equipped with the following material (available at your dealer's shop):

- One buoyancy aid per person on board in conformity with EC regulations.
- A cleat (or equivalent equipment) to allow towing.
- A docking line with a quick snap, at least as long as the boat.
- A life line.
- A spare paddle.
- A luminous sign (flash lamp, luminescent stick...).

This material is not mandatory to navigate within 300 m from the shore and in sheltered waters. It is however highly recommended to always wear a buoyancy aid or life jacket wherever you choose to navigate. This regulation is in constant evolution. We recommend you to check it from time to time to see if something has been changed.

A two-seater for excursions which can also accommodate a child, the Odyssey is the Hobie Cat answer to family fun.

A tight line, a beautiful hull, this kayak delivers a remarkable gliding performance.

Perfectly adapted to the beautiful coastal day trips, it can also be manoeuvred easily by a person alone with a real central seat.
